SUMMARY

Business intelligence analyst. Four years, Power BI specialist.

EXPERIENCE

BI Analyst, Manufacturing group (2022 - 2026)

- Built and maintain 18 Power BI dashboards across production, sales and HR.
- Manage the Power BI workspace, row-level security and the refresh schedules.
- Write SQL to pull from the ERP into the reporting layer. Mostly joins and aggregations; I have not needed window functions.
- Train new users on the dashboards. Run a monthly BI clinic.
- Handle the reporting requests from the commercial director's office.

BI Reporting Officer, Same group (2022)

- Produced the daily production report.
- Migrated legacy Excel reports into Power BI.

SKILLS

Power BI (expert), DAX, SQL (intermediate), Excel (advanced), SSRS.

NOTES

I have not used Python. I have not run A/B tests.

EDUCATION

BSc Business Administration, Bayero University Kano, 2021.
